

To whom it may concern:

Versatile Building Maintenance is a full service commercial property maintenance company.

When we contacted DOMINION to develop our website and refresh our marketing collateral we had contracted with two previous marketing companies and were dissatisfied with their work.

DOMINION provided everything we needed in their ENTREPRENEUR QUICK START PACKAGE which included a logo refresh, design and production of business cards, a sales PDF and a website all for an economic package price.

We are thrilled with the look of everything produced. The DOMINION team was professional and creative, and provided everything on time and within budget.

For any small business or solo entrepreneur looking for design and development services I can't say enough good things about DOMINION. You will be in good hands!

Sincerely,

A handwritten signature in black ink that reads "Jeffbeck Dela Paz". The signature is written in a cursive, flowing style.
