

Effective Bailiff Services Ltd

Collections, Repossessions, and Sales of Repossessed Goods

To Whom It May Concern:

Effective Bailiff Services Ltd. has been a successful bailiff and collection operation for over 27 years. We act for Canada's largest companies including Dell Computer, Mercedes-Benz Canada, Scotia Bank, The Royal Bank, Honda Finance Canada, Finning Canada, and a dozen other high profile national companies.

When we were contacted by DOMINION Sales & Marketing, we were skeptical that a marketing firm with no prior expertise in our industry could secure new accounts for us.

DOMINION has been successful in securing upwards of \$300,000 in new business for our collection and bailiff departments (more coming in every day), and they continue to provide ongoing support to the customers they have secured.

I am pleased to recommend the services of this firm for any business needing to secure substantial new accounts.

Yours truly,
